ASSIGNMENT

WHEREAS, **HERBERT J. NEUHAUS**, residing at 770 Maroonglen Court, Colorado Springs, Colorado (the "Assignor"), has invented certain new and useful systems, devices, and methods disclosed and described in an application for Letters Patent in the United States ("U.S.") entitled "ELECTRICAL COMPONENT ASSEMBLY AND METHOD OF FABRICATION," which can be identified in the United States Patent and Trademark Office ("USPTO") under Serial Number 09/812,140, filed on 19 March 2001, (the "Patent Application"), and which claims priority to a provisional application in the U.S. entitled "ADVANCES IN MATERIALS FOR LOW COST FLIP-CHIP," Serial No. 60/220,027, filed on 21 July 2000 (the "Provisional Application") and to a nonprovisional application in the U.S. entitled "ELECTRICAL COMPONENT ASSEMBLY AND METHOD OF FABRICATION," Serial No. 09/684,238, filed on 5 October 2000 (the "Prior Application"); and

WHEREAS, **NANOPIERCE TECHNOLOGIES, INC.**, a corporation organized and existing under the laws of the State of Nevada, and having its principal place of business at 370 Seventeenth Street, Suite 3580, Denver, Colorado 80202 (the "Assignee"), desires to acquire the entire right, title, and interest of Assignor in and to the invention, the Patent Application, the Provisional Application, the Prior Application and in, to and under any and all Letters Patent to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does sell, assign, and transfer to the Assignee, its successors, legal representatives, and assigns, the entire right, title and interest in and to the invention, the Patent Application, the Provisional Application, the Prior Application, and all divisional, continuation, continuation-in-part, continuing prosecution, and reissue applications; the Letters Patent, both foreign and domestic, that may or shall issue, or may or shall have issued, therefrom; any extensions or renewals thereof; and any right, title, or interest in and to the invention under any international conventions (collectively "the Patent Rights"); and the Assignor hereby authorizes and requests transfer and delivery of the Patent Application, the Provisional Application, the Prior Application, and any further applications, which may be or shall have been filed under the Patent Rights, to the Assignee in accordance herewith.

Assignor further authorizes said Assignee, its successors, and assigns, or anyone it may properly designate, to apply for Letters Patent in the U.S. and any and all foreign countries, in its own name if desired, and additionally to claim priority to the filing dates of the Patent Application, the Provisional Application, and the Prior Application, and otherwise take advantage of the provisions of any international conventions.

Assignor hereby authorizes Assignee, its successors and assigns, or anyone it may properly designate, to insert in this instrument the application number and filing date of the Patent Application once known.

Assignor further covenants and agrees that this Assignment is effective as of 21 July 2000.

Assignor represents and warrants that Assignor has the right, title, and authority to execute this Assignment and to convey all right, title, and interest in the Patent Rights, and that Assignor has not conveyed nor will convey hereafter all or part of the Patent Rights to a third party; and Assignor hereby covenants and agrees with the Assignee, its successors and assigns, that Assignor will not execute in writing or do any act whatsoever conflicting with these representations, and that Assignor, Assignor's successors, legal representatives, or administrators will at any time upon request, without further or additional consideration, but at the expense of the Assignee, its successors, and assigns, execute such additional writings and do such additional acts as said Assignee, its successors, and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for, obtaining, and enforcing any of the Patent Rights, including giving testimony in any proceedings or transactions involving such Patent Rights.

IN WITNESS WHEREOF, the Assignor hereunto has executed this Assignment upon the date indicated below.

WHEREAS, **NANOPIERCE TECHNOLOGIES, INC.**, a corporation organized and existing under the laws of the State of Nevada, and having its principal place of business at 370 Seventeenth Street, Suite 3580, Denver, Colorado 80202 (the "Assignee"), desires to acquire the entire right, title, and interest of Assignor in and to the invention, the Patent Application, the Prior Application, and in, to and under any and all Letters Patent to be obtained therefore;

NOW, THEREFORE, for the sum of \$1,000.00 and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does sell, assign, and transfer to the Assignee, its successors, legal representatives, and assigns, the entire right, title and interest in and to the invention, the Patent Application, the Prior Application, and all divisional, continuation, continuation-in-part, continuing prosecution, and reissue applications; the Letters Patent, both foreign and domestic, that may or shall issue, or may or shall have issued, therefrom; any extensions or renewals thereof; and any right, title, or interest in and to the invention under any international conventions (collectively "the Patent Rights"); and the Assignor hereby authorizes and requests transfer and delivery of the Patent Application, the Prior Application and any further applications, which may be or shall have been filed under the Patent Rights, to the Assignee in accordance herewith.

Assignor further authorizes said Assignee, its successors, and assigns, or anyone it may properly designate, to apply for Letters Patent in the U.S. and any and all foreign countries, in its own name if desired, and additionally to claim priority to the filing date of the Patent Application and the Prior Application and otherwise take advantage of the provisions of any international conventions.

Assignor hereby authorizes Assignee, its successors and assigns, or anyone it may properly designate, to insert in this instrument the application number and filing date of the Patent Application once known.

Assignor further covenants and agrees that this Assignment is effective as of 21 July 2000.

Assignor represents and warrants that Assignor has the right, title, and authority to execute this Assignment and to convey all right, title, and interest in the Patent Rights, and that Assignor has not conveyed nor will convey hereafter all or part of the Patent Rights to a third party; and Assignor hereby covenants and agrees with the Assignee, its successors and assigns, that Assignor will not execute in writing or do any act whatsoever conflicting with these representations, and that Assignor, Assignor's successors, legal representatives, or administrators will at any time upon request, without further or additional consideration, but at the expense of the Assignee, its successors, and assigns, execute such additional writings and do such additional acts as said Assignee, its successors, and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for, obtaining, and enforcing any of the Patent Rights, including giving testimony in any proceedings or transactions involving such Patent Rights.
